

Ink.

A flat-fee Canadian alternative for the workflows your *corporate-secretary or boutique-law desk* runs every week.

TEAM · 4 SEATS · INKSIGN

\$29.99/mo

Four seats. Unlimited document dispatches. No annual contract, no per-user creep, no envelope cap.

STANDARD · 4 USERS · DOCUSIGN

\$180/mo

\$45/user/month × 4 seats. Standard tier — Business Pro is \$260/mo for the same four users.

6× CHEAPER · SAME AUDIT · CAD BANK SETTLEMENT

\$1,800 SAVED / YEAR

WHERE INKSIGN EARNS ITS KEEP

Three workflows the legacy networks make painful.

01 Year-end resolutions — chasing 4 to 12 directors.

Same minute-book package, December-to-February crunch, every director on a different device. Sequential signing routes itself; auto-advance keeps the chase out of your inbox.

MULTI-SIGNER ROUTING
+ MOBILE-FIRST SIGNING

02 Engagement letter + retainer in one envelope.

Client signs the engagement; Stripe captures the deposit before the doc seals. Funds settle to your Canadian bank, not a US escrow, via ACSS Debit or card.

STRIPE PAYMENT FIELD
+ ACSS DEBIT SETTLEMENT

03 Wills, POAs, and statutory declarations.

Testator signs in front of a witness on the same device; the cert page proves who witnessed whom, with timestamps and IPs.

SAME-DEVICE
WITNESS HANDOFF

Feature map.

Built-in vs locked behind enterprise. Every tier in InkSign ships the same audit cert; the only thing scaling is seat count.

Ink.

DOCUSIGN

CANADIAN RESIDENCY + COMPLIANCE		
Data stored in Canada — AWS Montréal, ca-central-1		US-ROUTED
PIPEDA + Quebec Law 25 native compliance		PARTIAL
Bilingual EN + FR signing surface		EN-FIRST
MULTI-SIGNER + WORKFLOW		
Multi-signer sequential routing		
Same-device witness handoff (wills, POAs, resolutions)		—
Bulk Links — one URL, many signers, embeddable	Solo+	ENTERPRISE (POWERFORMS)
Bulk Send — CSV many envelopes	Team+	BUSINESS PRO+
ADVANCED FIELD LOGIC		
Calculation / formula fields on canvas	Solo+	ENTERPRISE ADD-ON
Conditional field visibility logic	Solo+	BUSINESS PRO+
Smart Fields — auto-fill by tag across the doc	Solo+	ENTERPRISE
Grouped M-of-N checkbox rules		ENTERPRISE
Signer attachment uploads (ID, void cheque, etc.)		
PAYMENTS + COLLECTIONS		
Stripe payment element on canvas — charge before seal	Firm	Zapier required
ACSS Debit (Canadian bank) + card support		—
CRYPTOGRAPHIC AUDIT + CERT		
Dual SHA-256 hash on source + sealed PDF		
Certificate of completion embedded in every PDF		
PRICING MODEL		
Flat-fee · unlimited envelopes · no annual contract		per-user + caps

E-signature is a solved software problem. *The only thing the legacy networks still own is the per-user invoice.*

DocuSign pricing reflects public US-region rates as of 2026-05-29 and is subject to change. InkSign pricing is CAD, flat-fee, no annual contract. Feature claims are based on each provider's published documentation as of the same date; enterprise-tier inclusions vary by negotiated contract. Stripe-on-canvas requires connecting a Stripe Standard account (Canada).
